Sphere of Kings

The 7-in-1 Spherical Gaming System

James Scott Bowser · FOUNDER SPHEREOFKINGS.COM JBOWSER727@GMAIL.COM · 209-622-9391

Hello investors — the global toy, board-game and puzzle category sells billions of flat, single-purpose products every year, yet consumers, creators and short-run industrial buyers are demanding customization, replayability and premium limited editions that legacy manufacturers cannot economically deliver. Sphere of Kings packages the answer inside one spherical hardware platform that drives both a consumer brand and an integrated manufacturing network.

PROPOSED CAPITAL RAISE

$100M USD

$2M	$8M	$20M	$30M	$40M
STAGE 1	STAGE 2	STAGE 3	STAGE 4	STAGE 5

STATUS Proposed target · not committed · milestone-gated · subject to negotiation

02 PROBLEM

- Flat boards and single-use puzzles get played once and shelved.
- Legacy toy and puzzle production cannot economically make one-off customized designs.
- Independent artists and brands have no clean path from a design to a shelf-ready physical product.

03 SOLUTION

- Flat, play-once boards → **one spherical hardware platform running seven distinct game and puzzle experiences** (Royal Checkers · Imperial Kings · Pre-designed Puzzle · Custom Upload Puzzle · DIY Paint Puzzle · Paintable Royal Checkers · Paintable Imperial Kings).

04 WHY NOW

- Prosumer additive hardware (Bambu Lab class) has brought per-unit polymer printing cost into range for consumer products.
- Kickstarter remains the most efficient launch channel for distinctive consumer hardware — SOK's

05 FOUNDER CREDIBILITY

- **James Scott Bowser** — Founder, Creative Design Networks. Conceived and designed the Sphere of Kings 7-in-1 system.
- Built the Next.js consumer platform already in the repository: playable 3D spherical game, online

06 TEAM CREDIBILITY

- Founder-led today. CFO, COO, CTO, Head of Industrial Sales, Metal Manufacturing Director planned through Stages 1–3.
- **Jellop** — Kickstarter marketing PROPOSED · AGREEMENT PENDING

07 TRACTION

- **Product shipped to repo:** playable 3D spherical game with online multiplayer, phone-app shell, sponsor dashboard, PWA install.
- **Full 7-in-1 product catalog designed** — 36 approved product images (complete 7-in-1, Imperial

08 BUSINESS MODEL

- Flagship 7-in-1 ~**$179** retail · board-only ~**$129** · direct-cost target ~$30 *(BOM pending validation)*.
- Expansion packs (×3 / ×5 / ×10 / ×20 / ×50) at $12–$79.
- Creator marketplace — 50/50 net-profit royalty to creator

09 MARKET OPPORTUNITY

- Three addressable markets served from one product and one production stack: (i) consumer board-game, puzzle and collectible categories; (ii) creator-economy physical-product licensing; (iii) short-run polymer and metal contract manufacturing.

10 THE ASK

- **Proposed investment: $100 million**, staged over 60 months — milestone-gated, not released on a calendar.
- **Capital unlocks** four divisions: Sphere of Kings Gaming · Polymer Manufacturing & Mass Production ·
